

STCLOUD - 05.05

Discussing the syllabus and what the course is about.

John Noah Aguilar, or Sir Noah (Huwag lang Tito Noah).

The Cloud manages everything for you depending on the tech. It eases everything on the client's end.

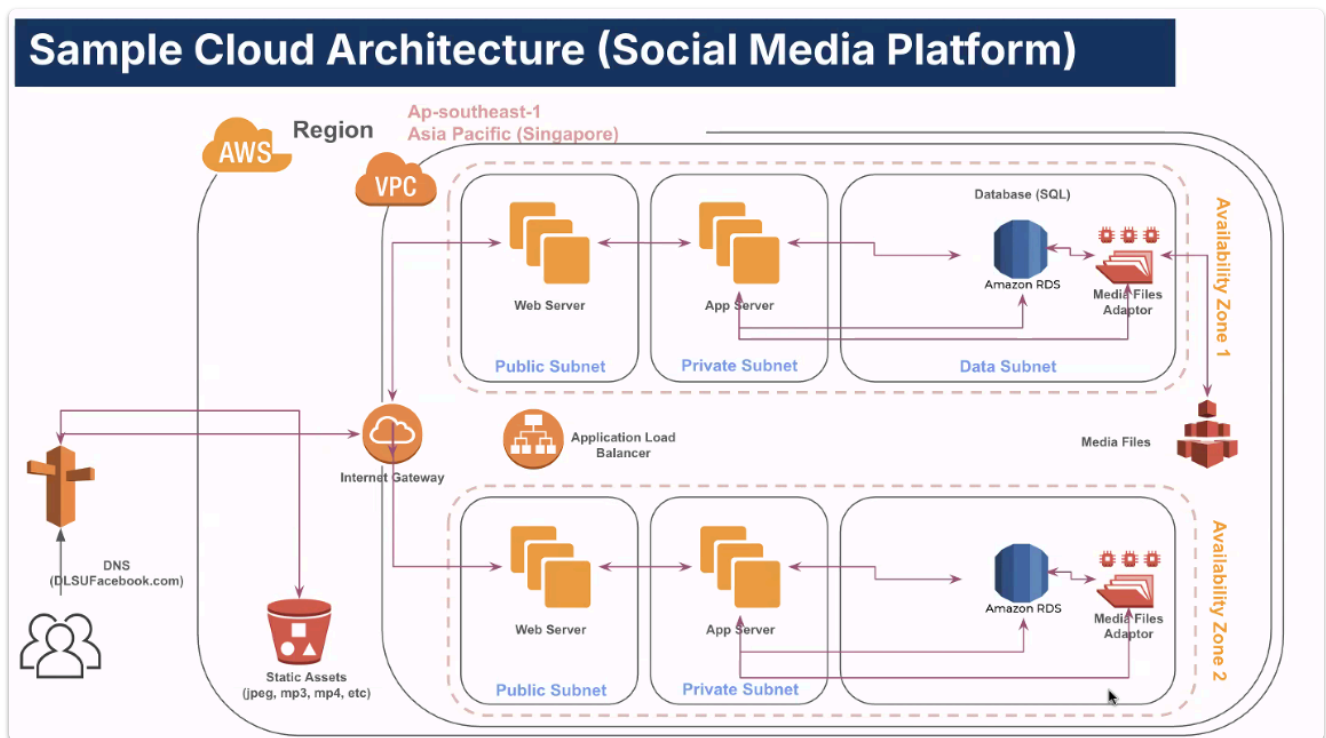

Mas majority in AWS yung mga gagawin. Mas accessible and mas dominant sa market

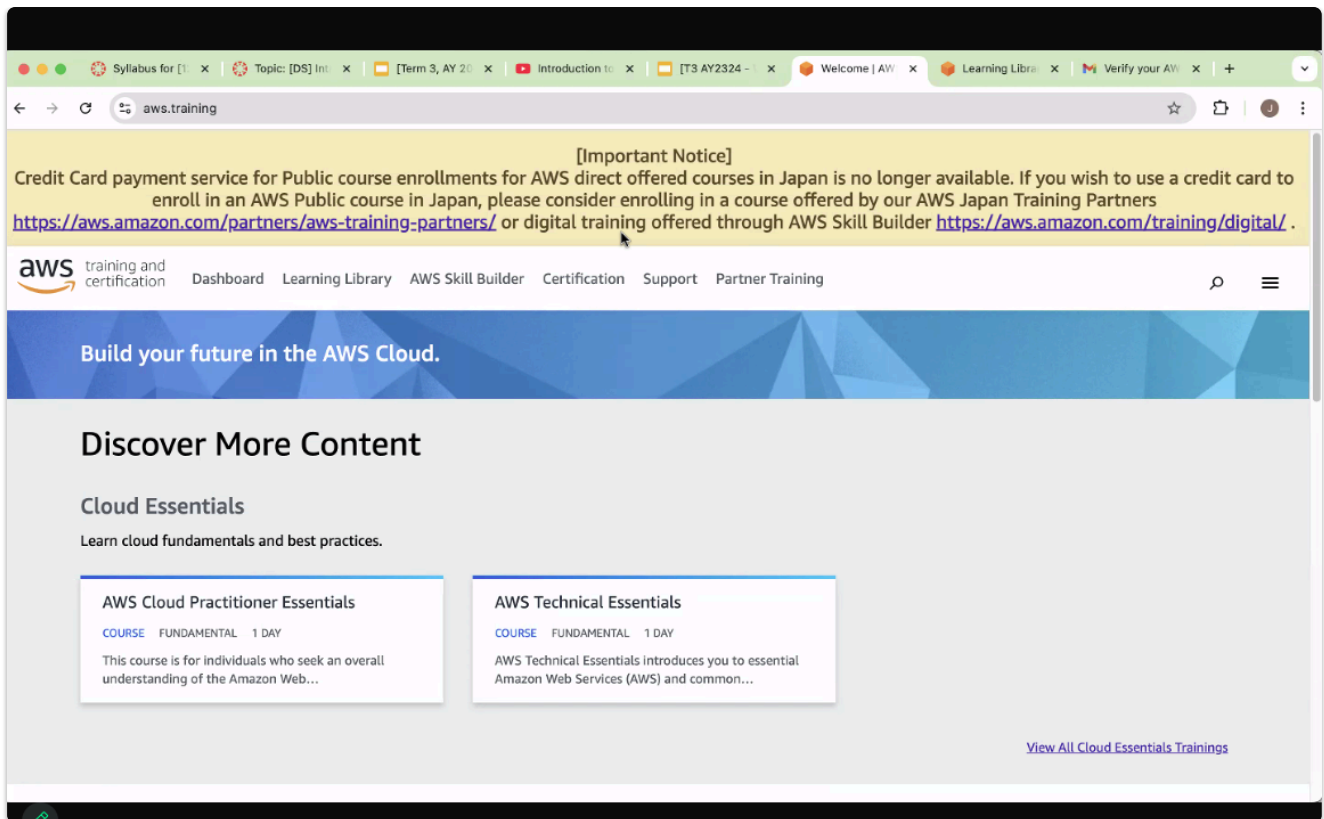

Mini Project 1 - Public Cloud Products and Services - Week 4

Mini Project 2 - Cost Estimation of Traditional versus Cloud - Week 8

Mini Project 3 - Integrated Systems Deployment - Week 13

Sample Cloud Architecture (Social Media Platform)

aws.training

create account

you'll eventually see that page so too
